

Detective Rhonda Daniels

The Complaints I have that's been done to me under this Current Administration.

We are short in the unit and are in dying need of help. The unit has been short for the last three years. We have been told by this Administration that they could not provide us with any type of help because the Police Department as a whole is short. We are over worked, assigned too many cases to the point it is impossible to keep up.

We were taken out of the Office to work the Flood Disaster in March 2020.

- We answered calls for service in unmarked vehicles
- We still were responsible for the cases that were coming in. It was impossible.

We went from that detail to the Belhaven Detail.

- We still were responsible for the cases that were coming in. It was impossible.
- Our off days were altered with no noticed.

We then went to the Impound lot Detail.

- We were also out there in unmarked vehicle.
- We were not provided a place to use the bathroom and in results of that I had to use the bathroom outside behind my car.
- Our off days were altered with no noticed.

My biggest issue is The Domestic Violence situation I went through. I feel like I was discriminated against because of my sex/gender. I have proof my punishment was not warranted because the young lady dropped the complaint and because of who I was they continued the punishment.

All paperwork is attached in the folder pertaining to that case.

Re: Request for Additional Help in Auto Theft Division.

It was brought to our attention that Detective Rhonda Daniels had received over 40 cases in one week. In return Detective Melvin Williams has received 25 cases within two weeks, since coming back to the unit along with Detective Tonia Williams has receive 23 cases ending on November 9, 2018. Let's stop overlooking as if this unit can be actually be ran with three Detectives only, with the size of Jackson along with the surrounding agency. We once had eight Detective's in this unit and now we only have three compare to the other units beside of cease fire unit which they only has two Detective's but they don't have the case load that we have. Be aware we are under staff and over work, with that said we have seen two Detective within the Auto Theft Division to leave because of lack of man power and under paid. Over several years now this unit has only been working with only four Detectives, which at this time we are down to three. We are asking for more help in this unit so that we can be more effective please help us with this matter.

Re: Harassment

On October 19, 2017 I, Detective Daniels 1771 informed my supervisor Sergeant Myles via text message at 6:32 am advising him that I was having some medical issues and I was not able to come to work. I advised him that I received my lab work the day before from my doctor's office and he advised that my blood pressure and blood sugar was up due to stress. Sergeant Myles began to call my cell phone at 7:18 am and continued to call 6 additional times up until 7:45 am. He also left 4 voicemails. Once I woke back up and realized that he called me so many times I returned his call to see what was the urgency. Sergeant Myles answered his phone and stated to me that I got your text where you say you are sick but can you still come to work. I advised him per my doctor that I need to be resting. He then asks me again can I please come to work with all disregards of my health condition. I stated to him again that I was unable to come to work and perform my job duties effectively. After advising him of that he was very persistence that I come to work. He then stated that Det. Melvin Williams was not coming to work due to an eye condition. He also stated that he had an idea of what was going on. He then asked me did I have the paperwork to prove my health condition. I then told him that at this point I feel like I am being harassed and I was going to contact someone in regards to that. He then stated to me that he didn't care about who I contacted but could I still come to work. I later spoke with Det. Melvin Williams and asked him did he receive a call from Sgt. Myles in regards of missing work on the same day I did. He stated that he did not receive a call from him. Sgt. Myles has displayed behavior and patterns of behavior where he has singled me out from other detectives in the office. I have reason to believe his actions are due to my sexuality. Sgt. Myles continues to show no respect for me and disregard for my personal situations. These

actions are not shown toward the other detectives in the office. There is an outright display of differences regarding how I'm treated.

The actions of Sgt. Myles have created a hostile environment within the Auto Theft Division. Detectives have expressed their frustrations on several occasions to the chain of command and the behavior of Sgt. Myles has continued. The chain of command has not effectively addressed these issues. Detectives in Auto Theft are stressed to the point they have contemplated physical actions against Sgt. Myles. This type of behavior is unacceptable and unsafe. I am well aware that harassment in any form is not accepted within the Jackson Police Department policy and general orders.

I have exhausted all means to resolve this matter and respectfully request to meet with Chief Vance to address this matter.
